

TRANSMITTERS FOR THE REFRIGERATION INDUSTRY

Polytron 2 XP Tox
Explosion-proof transmitter for continuous monitoring of toxic gases and oxygen

Polytron TX
Low cost explosion-proof transmitter for continuous monitoring of selective toxic gases and oxygen

Polytron 2 XP Ex
Explosion-proof transmitter for continuous monitoring of combustible gases

Polytron FX
Low cost explosion-proof transmitter for continuous monitoring of combustible gases

Polytron 7000
I.S. transmitter for continuous monitoring of toxic gases and oxygen

Polytron 3000
Low cost I.S. transmitter for continuous monitoring of toxic gases and oxygen

Pointgard II
Low cost "all-in-one" gas monitor & alarm station for continuous monitoring of selective toxic gases and oxygen

Polytron 7200
Explosion-proof infrared transmitter for monitoring carbon dioxide (CO₂)

IR CO₂
Infrared transmitter for the monitoring of carbon dioxide

Variogard
Low cost "bus" transmitter for monitoring toxic gases including ammonia

Flame 5000
A visual CCTV flame detector with relay or analog output

Flame 1300-2300
Flame detectors using U.V. / I.R. and UV-IR technologies

ACCESSORIES & CUSTOM PRODUCTS

Splashguard
An accessory to prevent dust and water from collecting on the toxic and combustible sensor

Sensors
Dräger offers ammonia sensors to cover 0 to 1000 ppm ammonia

Calibration Adapter
A teflon adapter for the calibration of all Draeger Sensors

Remote Calibration Adapter
Allows calibration of sensors in hard to reach places

Remote Alarm Station
We provided various audio & visual alarm notifications

Remote Sensor Flanged Adapter
150# RF flange fitting for toxic sensors

Vent adapter
2" vent line adapter for use with the Polytron XP Ex & FX units for the monitoring of vent lines

Cathead sensors
Allows detection of ammonia from 0-10, 0-50 and 0-100% LEL (160,000 ppm)

CONTROLLERS

Regard 1
General purpose,
low cost single
gas controller

Regard 3900
A general pur-
pose controller
for monitoring up
to 16 points

Variogard
A bus style con-
troller for monitor-
ing Variogard
transmitters.

Quadgard
A general pur-
pose 4 channel
controller.

DragardGard
A "customizable"
8 / 16 channel
controller

Regard System
A fully expand-
able, automated
control system

Regard 8000
SIL level inte-
grated control
system
